

Welcome

We, the SoCo, are keen to share with you our plans to redevelop the former Asda supermarket site at 174 Rye Lane.

Illustrative view of proposed design

Our proposals will bring around 222 new purpose built shared living homes to Peckham.

The design reflects the heights and privacy of nearby buildings and includes a ground floor commercial unit fronting onto Rye Lane along with social amenity space for the whole community to share. A smaller building facing Alpha Street will provide much needed affordable family homes.

At this exhibition, you can:

-  Find out more information about the proposals
-  Talk to members of the project team and ask your questions
-  Share your feedback via a feedback form

We have set the boards out in an order we think is logical. However, please feel free to tour the room in any order you feel is appropriate!
